

Creating IOT Waston Platform And Device

Team ID	PNT2022TMID25078
Project Name	Smart Waste Management System for Metropolitan cities

Step : 1

Step: 2

The screenshot shows the IBM Cloud console for creating a new Internet of Things Platform service. The browser address bar displays `cloud.ibm.com/catalog/services/internet-of-things-platform`. The page has a dark theme with a sidebar on the left containing navigation links like 'Type', 'Service', 'Provider', 'Last updated', 'Category', 'Compliance', 'Location', and 'Related links'. The main content area is divided into two tabs: 'Create' (active) and 'About'. Under the 'Create' tab, there are sections for 'Select a location' (showing 'London (eu-gb)' selected) and 'Select a pricing plan'. A table lists available plans:

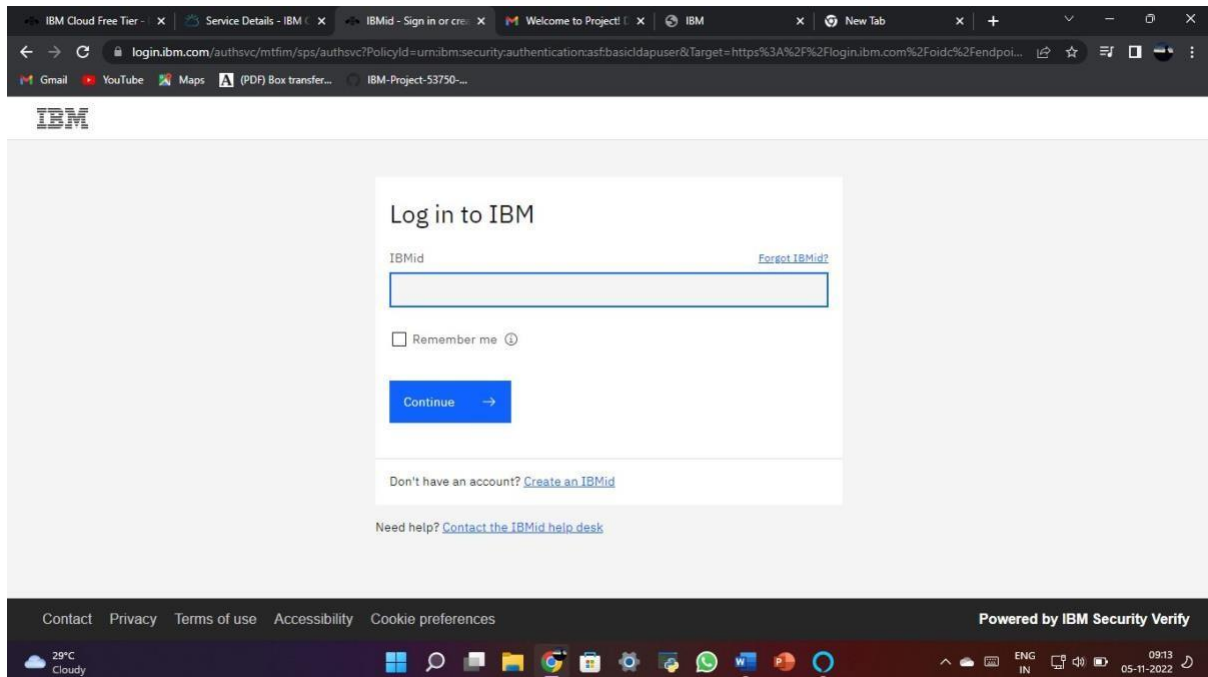

Plan	Features	Pricing
Lite	Includes up to 500 registered devices, and a maximum of 200 MB of each data metric Maximum of 500 registered devices Maximum of 500 application bindings Maximum of 200 MB of each of data exchanged, data analyzed and edge data analyzed	Free

Below the table, a note states: 'The Lite service plan for Internet of Things Platform includes up to 500 registered devices, and a maximum of 200 MB each of data exchanged, data analyzed, and edge data analyzed per month.' On the right side, a 'Summary' panel shows the service name 'Internet of Things Platform', location 'London', plan 'Lite', and service name 'Internet of Things Platform-lv'. It also includes a checkbox for 'I have read and agree to the following license agreements:' and a 'Create' button.

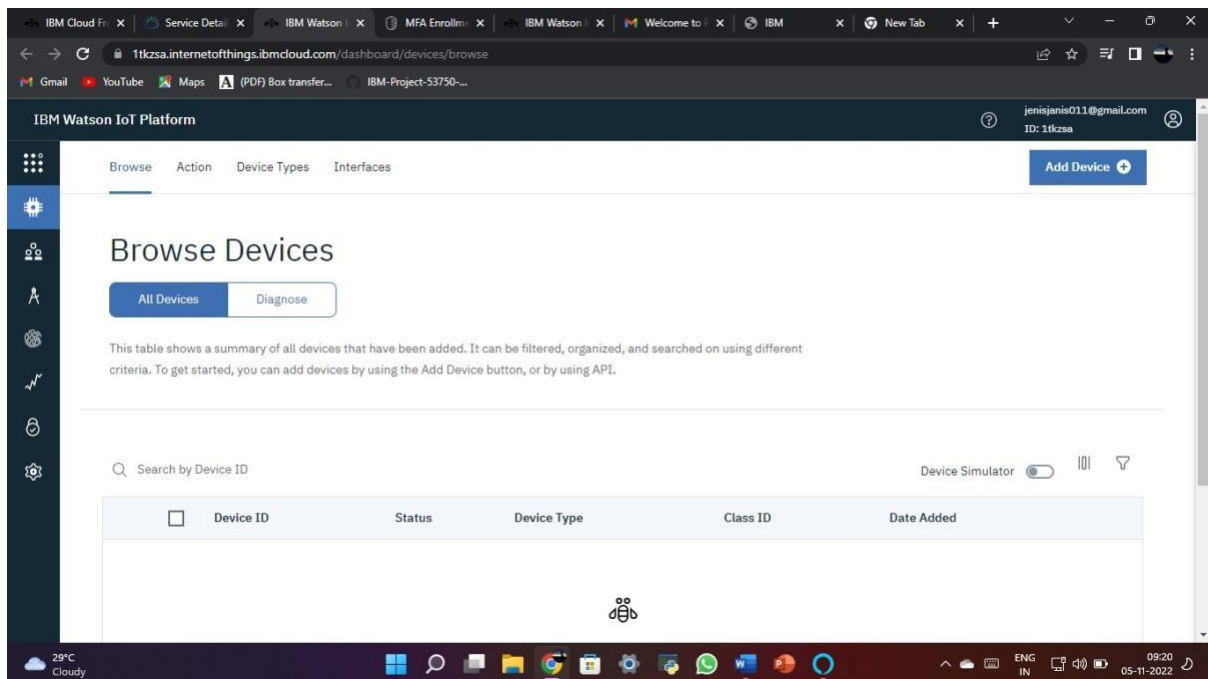

Step:3

The screenshot shows the IBM Cloud console for the 'Internet of Things Platform-lv' service details. The browser address bar displays a long URL: `cloud.ibm.com/services/iotf-service/crm%3Av1%3Abluemix%3Apublic%3Aiotf-service%3Aeu-gb%3As%2Fd4a84e7003814eecedad75cc3ba9d4e%3A69ae923a-bc0...`. The page has a dark theme with a sidebar on the left containing navigation links like 'Resource list', 'Manage', 'Plan', and 'Connections'. The main content area shows the service status as 'Active' and a 'Details' button. Below this, there is a large white card with the title 'Let's get started with IBM Watson IoT Platform' and a 'Launch' button. A progress bar indicates the 'IBM Watson IoT Platform Journey' with three stages: 'Lite' (checked), 'Non-Production', and 'Production'.

Step: 4

Step: 5

Step: 6

IBM Watson IoT Platform

Browse Action Device Types Interfaces

Add Device

Identity Device Information Security Summary

Select a device type for the device that you are adding and give the device a unique ID.
